

LE VOYAGEUR

**EXCEPTION**  
IS OUR RULE

ou are a hedonistic traveller: for you escape is an art of living and elegance is a way of life.

You firmly believe that travel should always be an incomparable experience and that your destination is less important than how you get there.

For you, travelling is not just about getting from one place to another, but an art in itself. It is the art of moving in style, the art of living in the French manner but on the move, of enjoying life's pleasures and of making discoveries under the utmost conditions of comfort and safety.

Incorporating 40 years of expertise in designing luxury vehicles, the Eterna range embodies a perfect blend of technical expertise and contemporary design. Every model is a unique creation designed to ensure each journey is an exceptional experience for you.

## IT'S WHAT WE DO

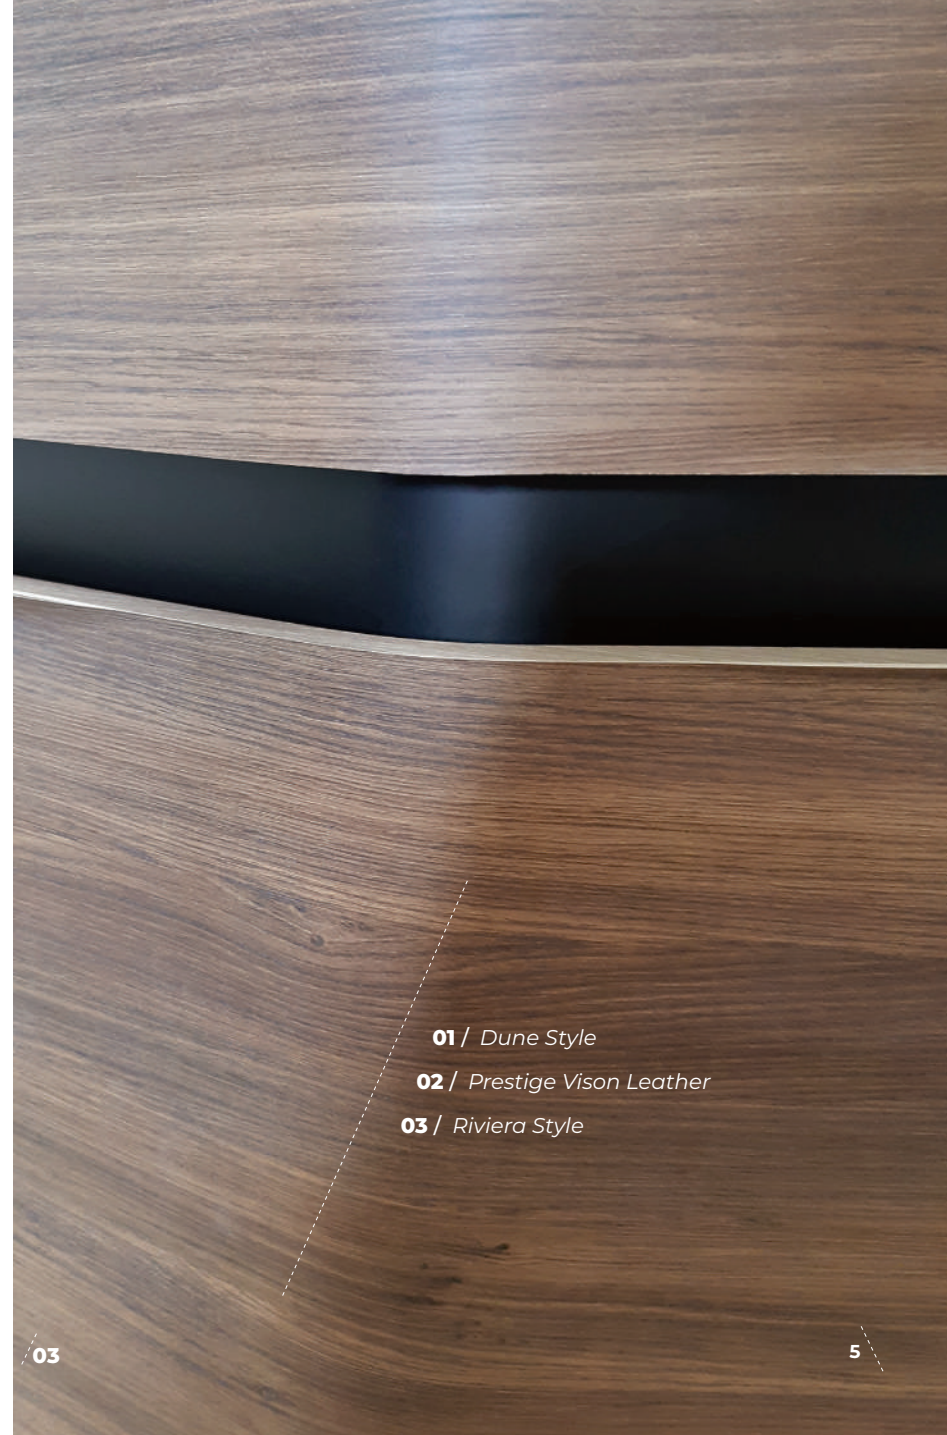

Driven by a deep desire to perpetuate the excellence of French craftsmanship, our employees have only one aim: to make the exception the absolute rule.

From the design office to the workshop, our motorhomes are exclusively designed and manufactured in Angers, in the west of France. Aerodynamics, ride comfort, handling and finish - for us, every little detail counts.

Thus 45 of our best experts work tirelessly to turn your dream of perfection into an equally extraordinary reality.

# OUT OF PASSION COMES **THE EXCEPTION**

Our Eterna and Heritage ranges are born of a desire to create an exceptional vehicle wholly devoted to satisfying our most demanding customers.

However, when striving to achieve the exceptional, expertise and technical proficiency alone are not sufficient. The purity of their design and reliability of their technology are not what gives each of our motorhomes their unique character.

Our work is exceptional because it is filled with soul. The soul of passionate people, ever willing to place their talent and high standards at the service of true perfection.

## **PAUL,** **DREAM MAKER OF LE VOYAGEUR** FOR THE LAST 5 YEARS

“What I am passionate about in my job is building an exceptional prestigious product that will enable its owner to satisfy their desire to get away and travel. I feel that I am personally contributing to this dream in my own way.”

**STÉPHANE,**  
**CO-DESIGNER OF LE VOYAGEUR**  
**FOR THE LAST 15 YEARS**

“ *It has always been my ambition to design a really meaningful product. Co-designing a Le Voyageur individually with each client ensures that every last detail of the design is exceptional and unique. I like to constantly challenge myself and imagine our clients' future living quarters, and above all, to share their pleasure in discovering each detail of their new travel companion.* ”

**MARIE,**  
**PASSIONATE DESIGNER OF LE VOYAGEUR**  
**FOR THE LAST 8 YEARS**

“ *I am happy to devote long hours to my passion, working and transforming materials. Shaping, sanding, taking the time to achieve a perfect finish so that each assembled part helps breathe life into every single Le Voyageur vehicle.* ”

# EXCEPTIONAL UNIONS

The Heritage range marks the emergence of an outstanding vehicle on a Mercedes base vehicle. It was a union full of promise: combining the power and reliability of German engines with the elegance and style of French design.

Le Voyageur Heritage will thus carry you to every corner of the world effortlessly and in complete safety. But since you are a demanding traveller, it will also offer you top-of-the-range comfort and will imbue your journey with great looks.

# THE JOURNEY

IS GREATER THAN THE DESTINATION

You were delighted with this return to the roots and fundamentals of our brand, so we strove to fulfil your expectations: 40 years after the first model, **Le Voyageur is once more renewing its partnership with Mercedes to create the Heritage range.**

A name chosen as a tribute to the shared past of two wonderful brands and to celebrate the start of our new adventure. More than ever, with this range, the journey takes on a new dimension in which the destination is simply one part.

# LUXURY

## ON THE MOVE

Naturally, the furnishings and equipment are top-of-the-range, the materials are naturally noble, then there are the clean lines, the impeccable finishing and the fully customised interior...

But the real luxury is waking up in the soft light of early morning and looking out of the window of your bed at the sea. Walking across the sand on a deserted beach, having breakfast in the comfort of your own home, serenaded by the sound of the waves... Before taking to the road once more in search of a new setting for the evening, taking the time to discover a beautiful village and its inhabitants, to taste a local speciality... Then negotiating a few hairpin bends before reaching the top of a cliff for dinner under the stars.

# TRAVELLING IN SPACE

Luxury is being able to travel without constraint and move freely. At the very least, the Heritage collection ensures your total freedom of movement. Indeed, this is a collection that thinks big and has been designed to offer you the maximum amount of space possible. Like a yacht, its numerous ergonomic storage spaces free up space to create real living areas entirely separate from one another.

In the 7.9, as in the 8.7, you will have the sensation of moving around as if in real rooms, and their fully modular interiors can be adapted to meet your every wish.

*Whichever layout you choose, whether an island bed or twin beds, the Heritage collection offers the luxury of travelling with a generous sense of space.*

# A TRULY EXCEPTIONAL **STRUCTURE**

To live your journey to the full, you must set off with a free mind and complete confidence in your travelling companion. The Mercedes Sprinter engine combined with an AL-KO chassis offer you the best possible pairing of reliability and robustness to take you wherever your dreams lead.

# 1

## **ALLYING POWER AND TECHNOLOGY:**

A Mercedes Sprinter engine coupled with an AL-KO chassis to give:

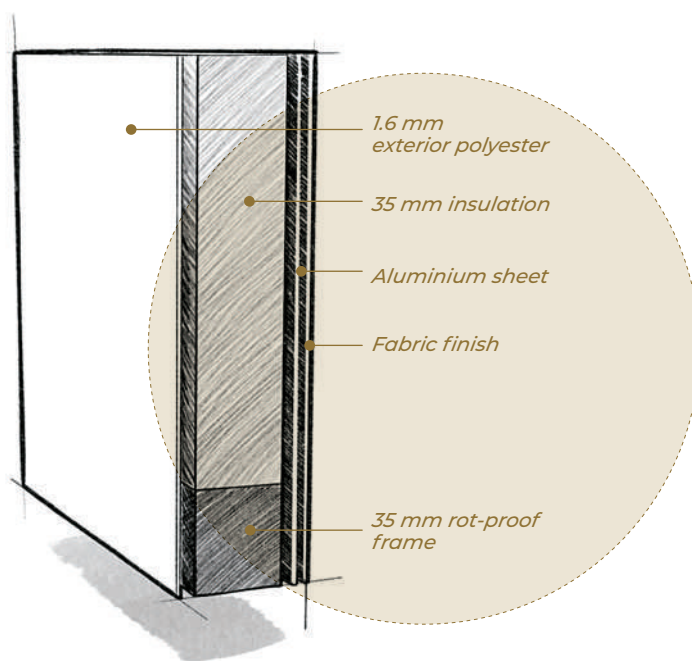

- unrivalled robustness
- uncompromising reliability
- improved stability
- greater width
- lower ground clearance
- Euro VI D certification: Heavy Duty

# 2

## THE WALLS

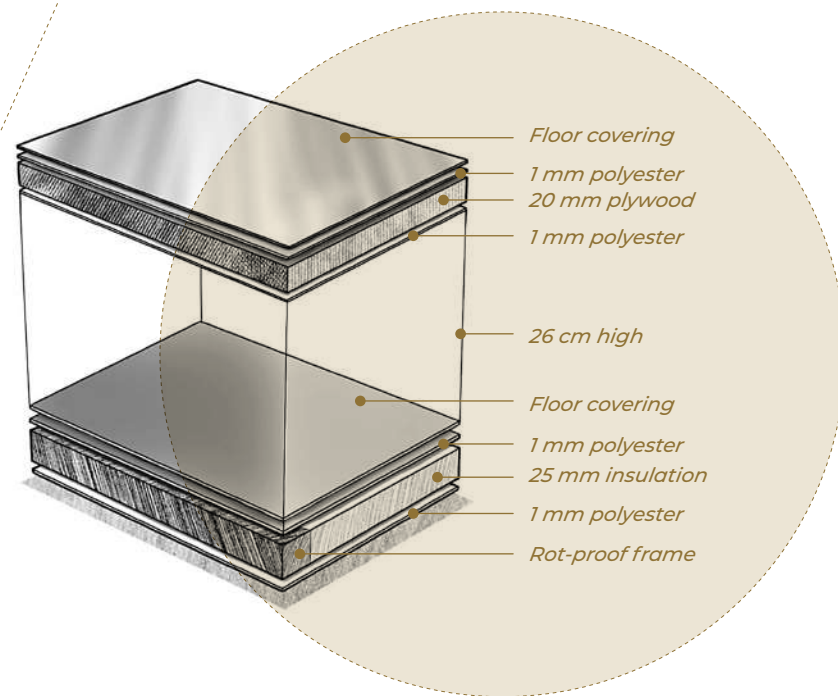

This robust insulation lets you enjoy your motorhome year-round.

# 3

## THE FLOOR

Smart, insulating double floor: the fresh and waste water tanks are protected from freezing and take up minimal space. Thanks to its 26 cm height, many parts can be stored in the floor.

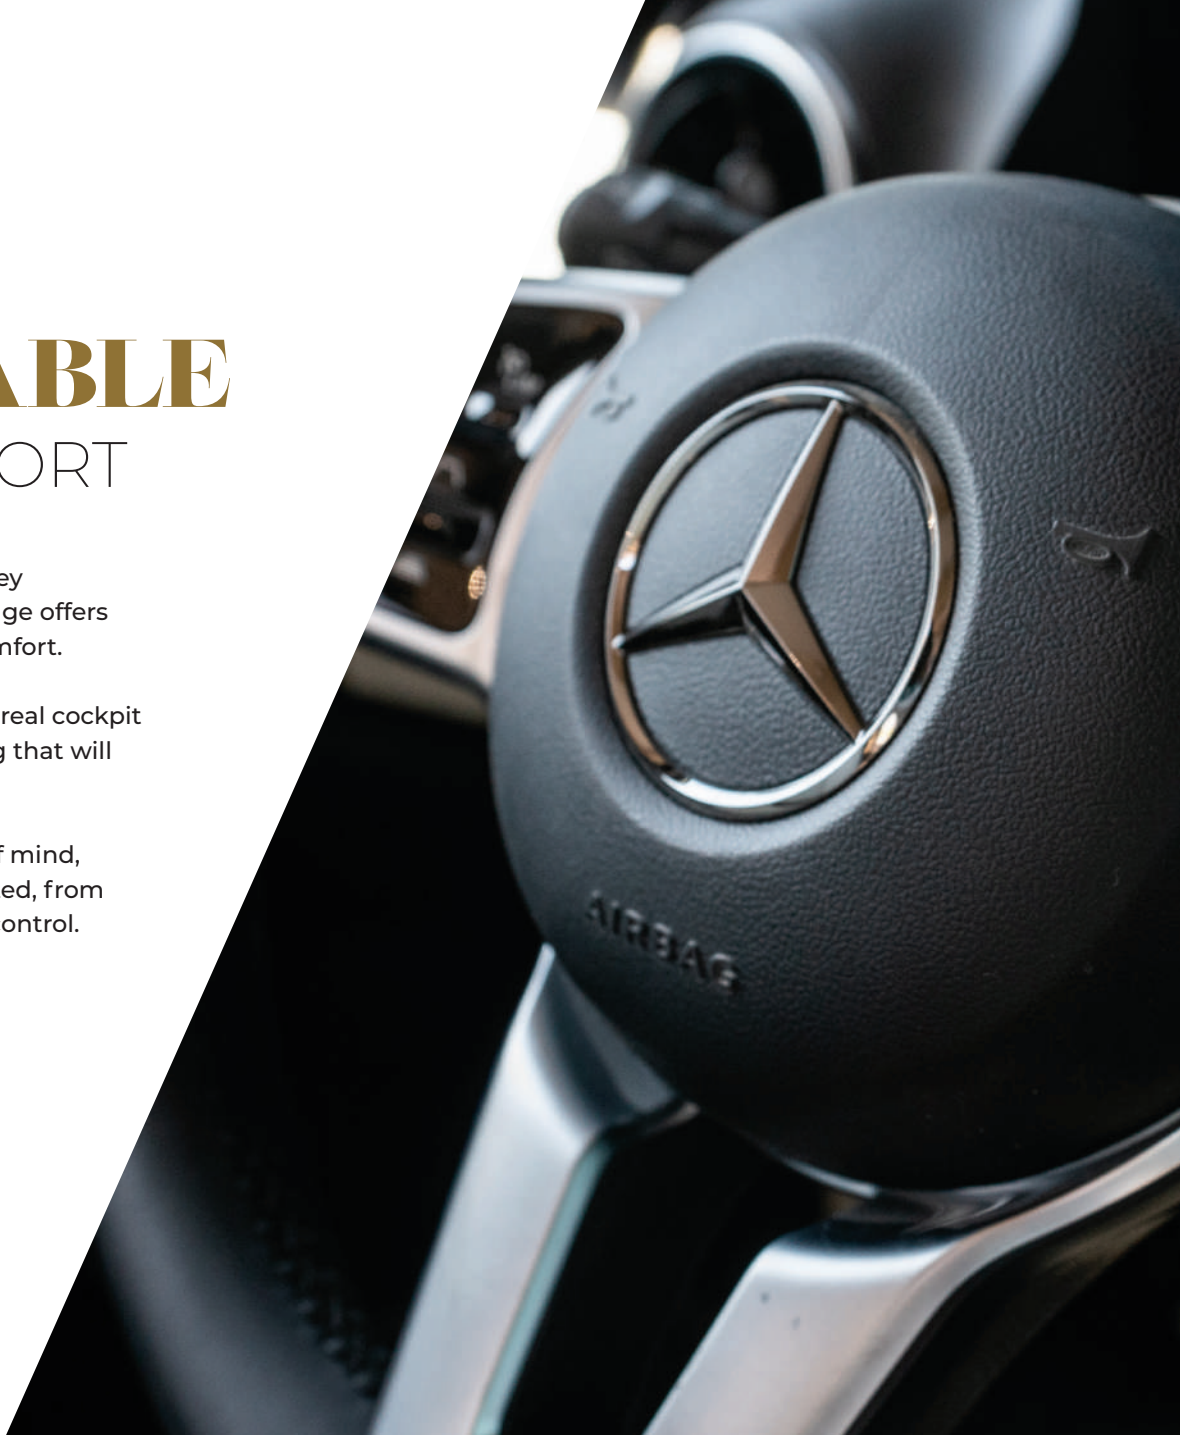

# INCOMPARABLE

## DRIVING COMFORT

Driving will quickly become one of the key pleasures of your trip as the Heritage range offers you the very best in everyday driving comfort.

Your place behind the wheel becomes a real cockpit from which you can control every setting that will make your journey enjoyable and safe.

And to enhance your safety and peace of mind, every feature possible has been automated, from turning on the lights to adaptive cruise control.

*Eterna*

ELEGANCE THROUGHOUT YOUR ENTIRE

# JOURNEY

Eterna embodies the essence of elegance and comfort for those who see every moment of the journey as a precious experience. Le Voyageur constantly strives to achieve the exceptional, presenting the next generation of vehicles with Eterna. Featuring innovative assemblies, these new motorhomes are destined to create memorable travel experiences with you.

# FREEDOM WITH FETCHING LOOKS

Despite its prestige and high-class standing, freedom is perhaps the greatest luxury that Le Voyageur has to offer you. Immediately from the outset, depending on whether you turn right or left at the end of your street, you will discover completely different countries and cultures.

Scrambled eggs and smoked fish by a Scandinavian lake or chocolate con churros in Spain? Do you prefer to drive along the coast with the sea to your side or do you favour taking the back roads to discover small villages? Do you like to dine in the warmth of your living room on the edge of a forest or under the stars, or with the beach as your terrace?

Le Voyageur offers you the luxury of considering all options safely, reliably, and always with French chic.

# LET YOURSELF BE CARRIED ALONG

Compact and easy to drive, the LV 6.8, LV 7.0 and LV 7.2 motorhomes will always get you to your destination in style. With its spacious living areas, the LV 6.8 is a real mini-loft, ideal for two people travelling together. For family trips, the 7.0GJF is a quality partner that combines compactness, lightness and design. Available with either an island bed or twin beds, the LV 7.2 combines all the quality and comfort of French luxury in a perfectly functional format.

The LV 7.5 is the perfect combination of high comfort and simple mobility. The separation of its different living spaces lends an apartment feel, as if to invite you to adopt this motorhome as your second home. With an exceptional payload of 1,000 kg, this luxury travel heavyweight nevertheless remains easy to operate.

# REDESIGNED DRIVING COMFORT

With the range of Fiat Euro VI-D engines (140 hp to 180 hp) on AL-KO chassis and the new 9-speed automatic gearbox, taking to the road becomes a real pleasure.

Greater power, thanks to an even higher level of torque (up to +12.5%), coupled with more economical and environmentally friendly driving as a result of its VGT (Variable Geometry Turbo).

Thanks to its new chassis, the Eterna range's lower centre of gravity delivers optimal driving comfort and improved handling.

# NEW SMART DESIGN

The new double floor in the Eterna range has been specially designed to provide superior quality weathertightness and insulation, protecting you from the cold and providing optimal comfort year round.

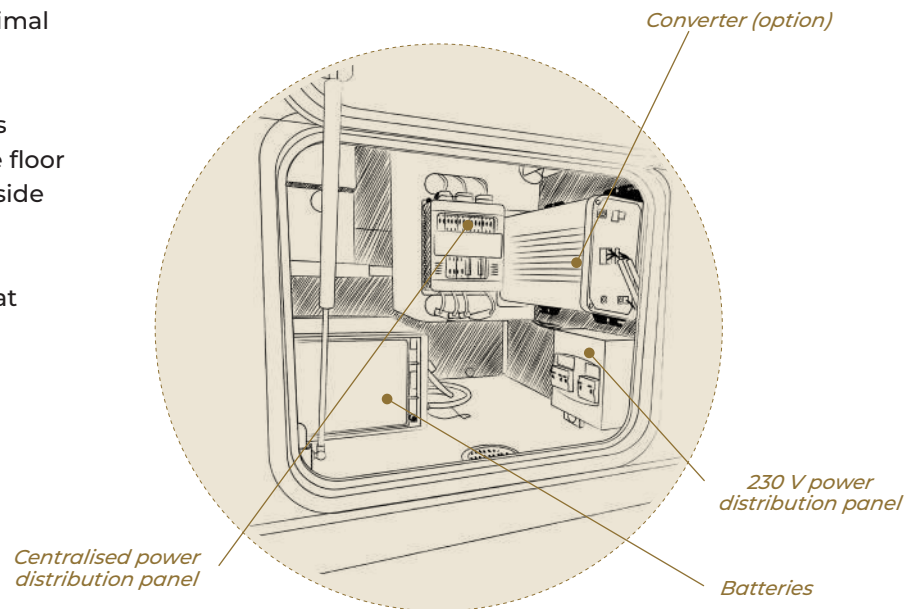

As well as protecting the fresh water and wastewater tanks from freezing, the new structure of this 35 cm-high double floor provides greater storage space and frees up more room inside your LE VOYAGEUR.

The aluminium walls enable the optimal distribution of heat throughout the vehicle, with 30% greater heat distribution compared to plywood walls.

# 1

## TRAVEL FAR AND WIDE, FOR LONG SPELLS IN ANY SEASON

Enjoy additional storage space and easy and safe access to the entire electrical system. This section has been completely overhauled in the Eterna range.

# 2

## NEW MULTIPURPOSE DOUBLE FLOOR

The heated, insulated double floor stores heat and releases it in the same way as underfloor heating. With a level floor from the front to the back of the vehicle, it also provides more storage space.

# COMFORT AND SAFETY

French luxury combined with technical expertise to offer you well-being, durability and safety throughout your journey.

## 1 CONTROL PANEL

Opt for a single central control panel to operate all vehicle functions:

- ON/OFF switch (heating, lighting, radio, TV, USB ports, 12 V sockets, and water pump).
- Separate lighting level controls for each area.
- Autonomy information (fresh water, wastewater and leisure battery levels).
- TRUMA®/ALDE® heating system controls (with temperature, hot water, electricity and gas settings).

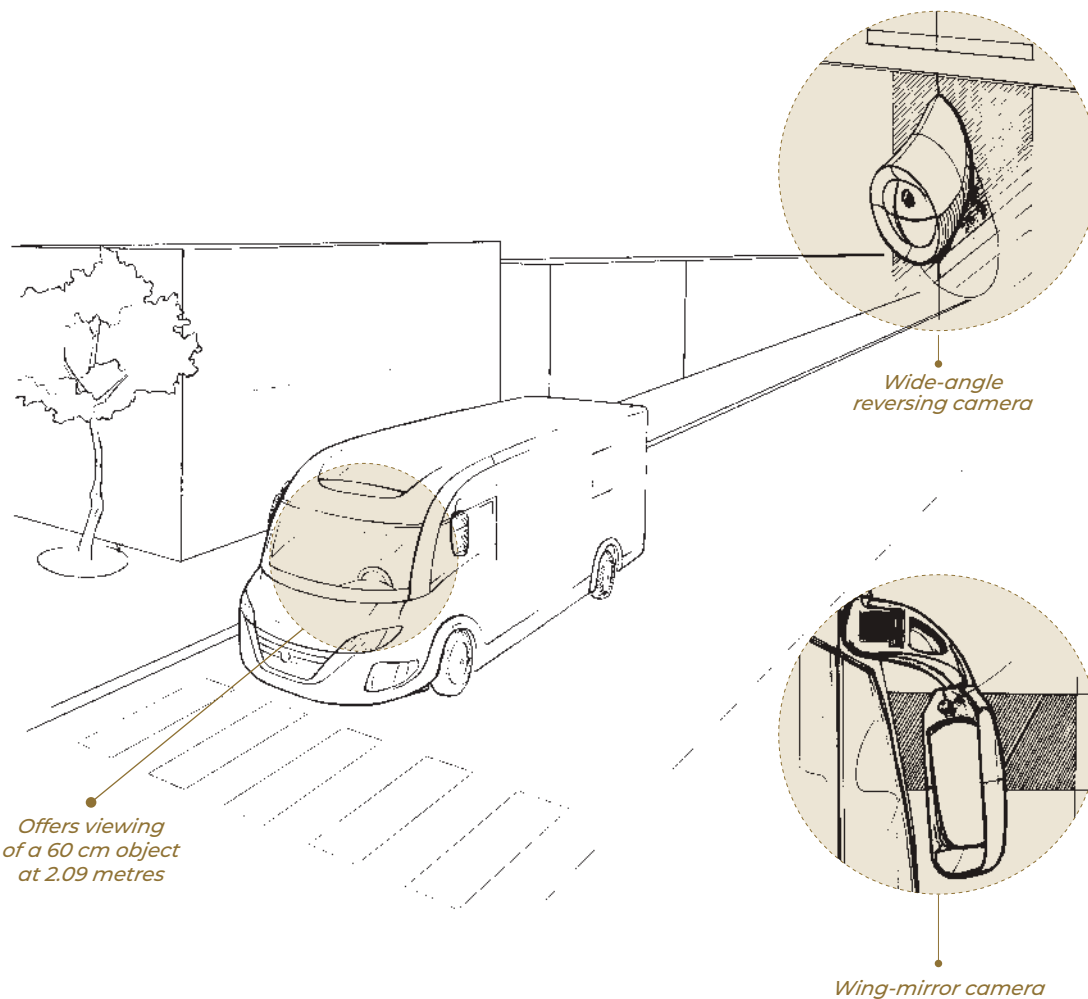

## 2

### OPTIMAL VISIBILITY

The system comprises an onboard camera for each wing mirror and a control screen that divides in four. The vehicle's rear-view camera is also connected to this display.
